

28 January 2025

Mr David Reed  
Planning Inspector  
c/o Mrs Annette Feeney  
North Norfolk Local Plan Examination Programme Officer  
Sent via email

Dear Mr Reed,

**North Norfolk Local Plan Examination: Submission of Further Consultation Representations & Further Proposed Main Modifications**

Further to your letter dated 6<sup>th</sup> December 2024 (examination library document EH006 (i)), the Council has now completed the 'Further Consultation' on proposed changes to the submitted North Norfolk Local Plan. The consultation closed on Thursday 19<sup>th</sup> December 2024. The Council received 492 comments from 325 individuals or organisations.

Having had regard to the representations submitted, and in line with the Council's resolution of delegation to myself as Acting Planning Policy Manager by the Council's Cabinet in consultation and support from the Council's Planning & Enforcement Portfolio holder I am pleased to submit the Council's proposed modifications schedule in order to address the main soundness issues raised for your consideration as part of the ongoing North Norfolk Local Plan Examination.

This submission is comprised of two documents:

- 1. Schedule of (Further Consultation) Representations** (in document order)
- 2. Schedule of Proposed (Further Consultation) Main Modifications**

A document detailing the main modifications which the Council proposes to make to the Plan at this time as a result of the Further Consultation held in November - December 2024.

It is our intention to consolidate into a single document the proposed modifications relating to the Regulation 19 stage (as provided to you on 15<sup>th</sup> April 2024) and those related to this Further Consultation stage, and to provide this to you in due course.

We continue to work proactively to ensure that progress remains on track. We look forward to receiving further details around the timescales and matters for any resumed hearing(s) that you might propose to hold.

In response to your latest letter (examination library document EH006 (j)), a revised schedule of housing sites and projected delivery rates and the associated housing trajectory to cover the revised plan period (which is consistent with the conclusions in the post hearings letters and further consultation material) will be provided for the resumed hearings.

Yours sincerely

**Iain Withington**

Acting Planning Policy Manager
